

# BCS Touchstone

*This BCS Touchstone represents the following:*

- At BCS, Our Moral Compass is a tool used to provide moral direction.
- Our 3 E's are the Values by which we live at BCS.
- The words in the middle are the action steps to accomplish our 3 E's.
- The compass is set to a right angle to represent doing the right thing.
- BCS is a Science/Technology School, and a compass is a tool.
- A compass is an "old fashioned" tool. Our Moral Compass shows timeless values.
