

Student Handbook Signature Page

WELCOME TO OUR STUDENTS!

On behalf of Birmingham Covington School faculty and staff, we are pleased to welcome you to a new school year.

It is your responsibility and obligation to make the most of your primary education years. Success is for those who are willing to work for it. We encourage you to become actively involved in your studies and the many extracurricular activities available at our school. Completing all class work, following the guidelines in the student handbook and Board Policies, using common sense, and having a positive attitude will help you to make this a great school year!

With your parents, you need to review the BCS student handbook and Board Policies located on our website (www.bcsonline.info) under the student tab. When you have done that, please sign this page and turn it in to your academic lab teacher.

TO OUR PARENTS

We strongly recommend that you review the online handbook and board policies with your son or daughter. These are located on our website (www.bcsonline.info). If you have any questions or concerns, please feel free to contact the counseling or main office. You are encouraged to visit the school and participate in Parent-Teacher Conferences and other building programs. Good communication between home and school is a vital component of an impactful education. Emails are sent regularly in an effort to keep you informed of important information and dates. As the parent of a BCS student, you will automatically receive regular email communication through our communication system, Blackboard Connect. To register additional email addresses within the Blackboard Connect system please visit the parent resources website <https://bpsenews.bbcportal.com/> and subscribe to Birmingham Covington School (BCS).

We have reviewed the online handbook and Board Policies and are aware of the contents.
